

MAPP 16863 PCS No 05324

**FOR USE ONLY AS A HOME GARDEN
LAWN WEEDKILLER**

Resolva Lawn Weedkiller Extra Ready to use is powerful against broad leaved weeds including buttercup, daisy, dandelion, clover docks and many more.

INSTRUCTIONS FOR USE

WHEN TO USE - Resolva Lawn Weedkiller Extra Ready to use should be applied from April until the end of September on lawn weeds that are actively growing • Do not apply during windy conditions so that spray does not drift onto other plants.

WHERE TO USE - For use on unwanted vegetation • **DO NOT USE ON NEW-SOWN LAWNS FOR AT LEAST SIX MONTHS AFTER ESTABLISHMENT** • For maximum effect spray when the weeds have adequate leaf area to absorb the weedkiller spray • Apply when weeds are actively growing and soil is moist • Control may be reduced if rain falls within 24 hours of application • Must not be used for purposes or in a manner not provided on the label.

HOW TO USE - Always read the label fully before use • Shake well before use • Prepare the sprayer for use: 1. Remove sprayer trigger and unwrap hose completely 2. Remove white security seal 3. Lift bottle cap lid 4. Fully insert plug attached to the hose end into the bottle neck 5. Turn sprayer nozzle to required sprayer pattern (half turn fine spray, full turn coarse jet) 6. Squeeze trigger repeatedly to commence spraying • Spray weed leaves as a light spray directly to weeds until they are wet, but avoiding run-off • Turn nozzle to "X" position after use and before storage • For long-term storage replace the trigger back into slot • Scorching of grass can occur if more than one squeeze is applied to a given area • Retreatment may be necessary for well established difficult to control weeds • Allow an interval of at least 6 weeks between treatments • Following spraying, do not cut grass for at least one day after treatment and ideally leave the sprayed area uncut for as long as possible • The first four mowings of treated grass must be composted for six months before use as a mulch.

IMPORTANT INFORMATION - Maximum individual dose: 500 ml product per 25 square metres. Maximum Number of Applications: 2 per year.

SAFETY INFORMATION

Keep out of reach of children • Read label before use • Keep away from food, drink and animal feedstuffs • Do not breathe spray • Avoid contact with skin • Avoid contact with eyes • Do not empty into drains, dispose of this material and it's container in a safe way • If medical advice is needed, have product container or label at hand.

To avoid risks to human health and the environment, comply with the instructions for use.

MAPP 16863 PCS No. 05324

SAFETY INSTRUCTIONS

Protection during/in use: Use only in well-ventilated areas.

Environmental Protection: Do not contaminate water with the product or its container. Do not clean application equipment near surface water.

Storage and Disposal: KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place.

Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of by recycling. Contact your local council for details.
DO NOT RE-USE EMPTY CONTAINER.
