INSTRUCTIONS FOR USE

WHEN TO USE - Resolva Lawn Weedkiller Extra
Concentrate should be applied from April until the end
of September on lawn weeds that are actively growing
• Do not apply during windy conditions so that spray
does not drift onto other plants.

WHERE TO USE - For use on unwanted vegetation
• **DO NOT USE ON NEW-SOWN LAWNS FOR AT LEAST
SIX MONTHS AFTER ESTABLISHMENT** • For maximum
effect spray when the weeds have adequate leaf area
to absorb the weedkiller spray • Apply when weeds are
actively growing and soil is moist • Control may be
reduced if rain falls within 24 hours of application
• Must not be used for purposes or in a manner not
provided for on the label.

HOW TO USE - Always read the label fully before use
• Mix well before use • Use a clean knapsack, sprayer
or watering can fitted with a fine rose • Loosen
measure cap slightly, gently squeeze bottle until
required volume is achieved • Apply at rate of 50ml in
2.5 – 5 litres of water to cover 25sq.m covering weeds
evenly • Wash equipment thoroughly after use
• Re-treatment may be necessary for well established
or difficult to control weeds • Allow an interval of at
least 6 weeks between treatments

INSIDE TOP

PAGE 2

• Following spraying, do not cut grass for at least one
day after treatment and ideally leave the sprayed area
uncut for as long as possible • The first four mowings
of treated grass must be composted for six months
before use as a mulch.

IMPORTANT INFORMATION

Maximum individual dose: 50 ml product per 25sq.m
Maximum Number of Applications: 2 per year
