

MAPP 15440 PCS No. 04488
FOR USE ONLY AS A
HOME GARDEN WEEDKILLER

INSTRUCTIONS FOR USE

WHEN TO USE

Resolva Path & Patio contains glyphosate as a ready to use spray for effective control of annual and deep-rooted perennial garden weeds and diquat for the fast knockdown of perennial weeds, including grasses, docks, nettles, dandelion, bindweed and many more. Resolva Path & Patio is broken down naturally in the soil.

- Use on a calm day when weeds are actively growing and have a large leaf area to absorb the weedkiller spray
- Rainfall within 6 hours of application may reduce effectiveness and require re-treatment
- Resolva Path & Patio kills most weeds with a single application. Some tough weeds may need a repeat treatment if regrowth appears. Two applications is the maximum number permitted.

WHERE TO USE

For use on unwanted vegetation. DO NOT SPRAY HEDGE BOTTOMS. DO NOT apply to lawns or other wanted plants unless you want to kill them. Take extreme care to avoid drift as RESOLVA PATH & PATIO kills all green plant growth, including grass!

HOW TO USE

- Always read the label fully before use
- SHAKE WELL BEFORE USE
- Prepare the sprayer for use: 1. Remove sprayer trigger and unwrap hose completely 2. Remove white security seal 3. Lift bottle cap lid 4. Fully insert plug attached to the hose end into the bottle neck 5. Turn sprayer nozzle to required sprayer pattern (half turn fine spray, full turn coarse jet) 6. Squeeze trigger repeatedly to commence spraying
- Spray weed leaves lightly until fully wetted but avoid run off
- Turn nozzle to "X" position after use and before storage
- For long-term storage replace the trigger back into slot
- Do not walk into treated areas until the spray has dried on the leaves to avoid transfer to lawns and other vegetation
- Treatment effect on some weeds will be seen within a few days. Other tougher weeds may not show effects for up to four weeks
- Leave weeds for at least 7 days before cultivating.

SAFETY INSTRUCTIONS

Protection During/In Use: Do not breathe spray • Avoid contact with skin • WASH ANY CONTAMINATION from skin or eyes immediately • WASH HANDS AND EXPOSED SKIN before meals and after use. Environmental Protection: Do not empty into drains.
Storage and Disposal: KEEP PRODUCT AWAY FROM CHILDREN AND PETS • KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place.

Risk and Safety Information

Harmful to aquatic life with long lasting effects

If medical advice is needed, have product container or label at hand • Keep out of reach of children • Read label before use • Do not contaminate water with the product or its container.
UK only: Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of by recycling. Contact your local council for details. Ireland: Dispose of contents/container to a licensed waste disposal contractor or collection site except for triple rinsed containers which can be disposed of as non-hazardous waste.

Contains diquat dibromide. May produce an allergic reaction.

To avoid risks to human health and the environment, comply with the instructions for use. MAPP 15440 PCS No. 04488
