

MAPP 15838 PCS No. 04760
FOR USE ONLY AS A HOME
GARDEN WEEDKILLER

Resolva Xtra Tough Weedkiller is a glyphosate based weed killer ideal for killing tough and stubborn weeds. Its systemic action kills the weed and the root.

INSTRUCTIONS FOR USE

WHEN TO USE

Resolva Xtra Tough Weedkiller contains glyphosate as a ready to use spray for effective control of annual and deep-rooted perennial garden weeds, including grasses, docks, nettles, dandelion, bindweed and many more. Resolva Xtra Tough Weedkiller is broken down naturally in the soil to leave no residues • Use on a calm day from February until September when weeds are actively growing and have a large leaf area to absorb the weed killer spray • Perennial weeds will be controlled best between June and August • Rainfall within 6 hours of application may reduce effectiveness and require re-treatment • Resolva Xtra Tough Weedkiller kills most weeds with a single application. Some tough weeds may need a repeat treatment if regrowth appears.

WHERE TO USE

For use on unwanted vegetation DO NOT SPRAY HEDGE BOTTOMS. DO NOT use on lawns unless you intend to kill the grass. Avoid contact by spray with cultivated plants and other desired vegetation.

HOW TO USE

Always read the label fully before use • SHAKE WELL BEFORE USE • As good general practice the wearing of gloves is recommended when using this product although this is not a requirement • Prepare the sprayer for use: 1. Remove sprayer trigger and unwrap hose completely 2. Remove white security seal 3. Lift bottle cap lid 4. Fully insert plug attached to the hose end into the bottle neck 5. Turn sprayer nozzle to required sprayer pattern (half turn fine spray, full turn coarse jet) 6. Squeeze trigger repeatedly to commence spraying • Spray weed leaves lightly until fully wetted but avoid run off • Turn nozzle to "X" position after use and before storage • For long-term storage replace the trigger back into slot • Do not walk into treated areas until the spray has dried on the leaves to avoid transfer to lawns and other vegetation • Treatment effect on some weeds will be seen within a few days. Other tougher weeds may not show effects for up to 4 weeks • Leave weeds for at least 7 days before cultivating.

SAFETY INSTRUCTIONS

Protection During/In Use: KEEP OFF SKIN/AWAY FROM EYES • WASH OFF SPLASHES IMMEDIATELY • WASH HANDS AND EXPOSED SKIN AFTER USE • DO NOT BREATHE SPRAY

Environmental Protection: Do not empty into drains.

Storage and Disposal: KEEP PRODUCT AWAY FROM CHILDREN AND PETS • KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place.

Risk and Safety Information

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Read label before use.

Do not contaminate water with the product or its container.

UK only: Dispose of unused product in its container at a household waste site (civic amenity site). Contact your local council (local authority) for details. Dispose of empty container by recycling. **Ireland:** Dispose of contents/container to a licensed waste disposal contractor or collection site except for triple rinsed containers which can be disposed of as non-hazardous waste.

To avoid risks to human health and the environment, comply with the instructions for use.
